## Sharing process safety learnings For technical safety experts.

### KEY NOTE SPEAKERS:

Mike Johnson is sr. consultant & VP at DNVGL with over 40 years experience. He is an expert on vapour cloud explosions and studied the Jaipur & Buncefield incidents, resulting in interesting views.

Dirk Roosendans studied Vapour Cloud Explosions and is the lead technical safety specialist at Total Energies. The impact of the energy transition on Process Safety will be discussed.

Victor Roggeveen experienced oil & gas since the senties, established a risk management agency and is in the process to obtain a PhD on the topic top be presented: The influence of leaders behaviour on safety performance.
